

BIGGEST BATTLE OF WAR STARTS

SAIGON (AP) — American troops deployed in the Jungled War Zone C today in the biggest offensive of the Vietnam war. Spearheaded by paratroopers making the first U.S. combat jump of the conflict, some 45,000 fighting men struck near the Cambodian border Wednesday to encircle the Viet

Cong's long-time main operating base and reputed national headquarters.

The drive covered a Tay Ninh Province area ranging from 50 to 75 miles northwest of Saigon. Reports from the battle area said initial resistance was light, with U.S. forces encoun-

tering only enemy sniper fire and booby traps.

The new drive was announced by Gen. William C. Westmoreland's headquarters. It was described as of multidivision size and given the code name of Operation Junction City. The operation was preceded by four softening up raids by B52

bombers on Wednesday, just before some 750 paratroopers jumped into blocking positions behind enemy lines and barely three miles from Cambodia. The big Stratofortresses returned

FIGURE IN JFK 'PLOT' IS FOUND DEAD

DEATH SCENE: Police and newsmen gather outside apartment house where David W. Ferrie was found dead in New Orleans Wednesday. Ferrie was a central figure in Dist. Atty. Jim Garrison's current probe of the Kennedy assassination. He was found nude in his bed with a sheet over him. A quantity of pills was found near the body. (AP Wirephoto)

Garrison Planned His Arrest

New Twist In Private Probe Of Conspiracy

From Associated Press
The New Orleans investigation of a so-called plot in the assassination of President Kennedy, which has caused an international sensation, took some bizarre twists today.

New Orleans District Attorney Jim Garrison hinted that free-lance pilot David W. Ferrie carried to his grave some secrets about the Kennedy assassination after being found dead in his bed Wednesday.

Another New Orleans man, David Lewis, who said last Monday he feared for his life because of what he knew about the local assassination probe, was reported to have left town with his family for an undisclosed location.

In Pensacola, Fla., authorities are investigating the death of a Florida man two years ago at the request of his brother who said he wanted a fresh probe because of the current New Orleans investigation into President Kennedy's slaying.

'HARRASSED'
The brother, Earl Killam, said the dead man, Thomas Henry Killam, told him he fled Dallas in December, 1963, because he believed he was being harassed by "agents."

Killam said his brother didn't specify whether the agents were federal, state or some other type. "I'm a dead man," Killam quoted his brother as saying. "I've run as far as I'm going to run."

In New Orleans, a police detective, Frederick A. O'Sullivan, told the Warren commission he never found concrete evidence to link accused presidential assassin Lee Harvey Oswald with Ferrie.

Ferrie, 48, who described himself as a psychologist and private detective as well as a flyer, was found dead in his bed Wednesday.

Garrison, the 6-foot-6 gun-toting prosecutor, called the death "apparent suicide."

FIND NOTE
The coroner, Dr. Nicholas Chetta, said tests were not complete but death seemed due to a massive brain hemorrhage, with no sign of suicide except a curious, unsigned, undated note saying death was a "sweet prospect."

Ferrie was on the brink of producing information that could have been important, said Garrison.

"We felt that he was really now ready to talk candidly, to contribute to this important investigation," said Garrison. "Now he's gone and it will be much harder to make the connections between certain people. But I'm sure we'll make them anyway."

"I'm just as optimistic today as I was two days ago."

PREDICTS ARRESTS
Two days ago, Garrison was insisting that his effort to prove a conspiracy in the assassination of President Kennedy will result in arrests and convictions.

The President was shot in Dallas, Tex., Nov. 22, 1963. Garrison insists that a conspiracy to murder him was conceived in New Orleans.

No "credible evidence" of a conspiracy was found by the (See back page, sec. 1, col. 1)

33 States Seek More Tax Funds

Both New, Higher Levies Proposed

NEW YORK (AP) — Measures pending in 33 state legislatures, if passed, will raise state tax collections by about 10 per cent over the 1966 figure of \$29 billion, according to a report issued Wednesday by the Tax Foundation, Inc.

In its annual preview, the foundation said 15 states were studying new tax sources and 28 others were considering hikes in 70 existing levies.

The estimated annual yield from the new sources totals more than \$1.3 billion, the foundation said.

An even larger chunk of tax money is expected, totaling more than \$1.5 billion, should the states carry out plans to raise additional revenues from taxes now in effect.

EYE HIKES
In this category, the foundation said, 15 states have proposed a hike in sales taxes, 12 in motor fuel taxes, nine in tobacco sales and eight in income taxes.

But, the foundation said, there was another side to the picture: proposed cuts or outright repeals of taxes which could aggregate \$500 million were under consideration by 14 state legislatures.

The foundation, a private, nonprofit and nonpartisan research organization, said that in some cases reductions were part of a tax package proposal.

No Daylight Savings Here, Says Senate

LANSING — The Senate this morning passed, 26 to 6, Senate Bill No. 1, to keep the entire State of Michigan on Eastern Standard time. The bill now will go to the House. See earlier story on Page 9.

GI Dies Of Crash Injuries

Was Visiting In B.H. Area

Pfc. PATRICK L. MOORE
Dies of injuries

An 18-year-old Army Pfc. visiting relatives in Benton Harbor prior to reporting for duty in Vietnam, died Wednesday of injuries suffered in a car-truck crash on I-94 Tuesday night.

Dead is Patrick Lee Moore, former Benton Harbor and Paw Paw resident.

He was trapped in the rear seat of a car when it was hit by a semi-truck carrying a 17 1/2-ton load of steel. The car had stalled on I-94, west of the I-196 interchange, just before the crash and was struck from the rear.

His death was the ninth traffic fatality on Berrien county highways this year.

ON LEAVE
Moore was on 45-day leave and had been visiting an uncle and aunt, Mr. and Mrs. Frank Ward, Jr., Fairplain, and a (See back page, sec. 1, col. 6)

Whirlpool Earnings, Sales Up

1966 Most Significant Since 1950's

Sales of \$704,816,000 and significant growth moves were reported by Whirlpool Corp. for 1966 at a February meeting of the board of directors of the big, local manufacturer of home appliances.

Chairman Elisha Gray II and President John Platts reported the sales total was an 11.7 per cent increase over the 1965 total of \$630,745,000. Net earnings for 1966 were \$39,000,000 as compared with 1965 earnings of \$35,860,000.

Preliminary earnings per share of common stock are \$3.11, compared with a 1965 figure of \$3.08. The 1966 earnings figure includes Whirlpool's interest in the unaudited earnings of Warwick Electronics Inc. for the last four months of 1966. Warwick became a majority-owned subsidiary of Whirlpool in September.

Gray and Platts reported inventory reductions at wholesale and retail levels in late 1966 created a precipitous decline in factory shipments from forecasted sales. They noted that wholesale and retail sales had been unusually strong since late 1965 with retail sales of major appliances averaging gains of 15 per cent through the first ten months of 1966.

SHUTDOWNS

For the last two months of 1966 retail sales barely matched the prior year's results. This combination of a moderating retail sales pace and a massive inventory reduction in the field caused the factory inventories to swell which necessitated some shutdowns. A drain on earnings resulted, therefore, in that year-end period.

In commenting on current economic conditions affecting Whirlpool, Gray and Platts stated the caution in wholesale and retail buying that hit the major appliance industry in the last quarter of 1966 and in the first few weeks of 1967 continues to require daily evaluation. They noted that increases in home laundry demand had recently required a step-up in production and that strength in the replacement market is an important stabilizing factor in appliance demand.

Gray stated 1966 was the most significant year for Whirlpool since the moves of the mid-fifties that created the company as it is today. He pointed to the acquisition of a majority interest in Warwick Electronics, a leading home entertainment products, as a most vital move. Gray became chairman of Warwick in 1966 and Whirlpool Group Vice President Glenn A. Evans became its president and (See back page, sec. 1, col. 1)

MRS. RAE WITHERSPOON

TRI-CAP Director Resigns

Program Loses Second Official

Mrs. William (Rae) Witherspoon of Niles last night resigned as executive director of the Tri-County Community Action Program and has accepted a post with the Urban League of South Bend, Ind.

Mrs. Witherspoon formally announced her resignation at a special TRI-CAP meeting held in the United Auto Workers hall, Benton township.

The resignation is the second of a top ranking TRI-CAP official within about a month. It follows the resignation of the Rev. Jack Middaugh, pastor of a Bangor church, who resigned as program planner. He had served since last September.

SHAKY START
Mrs. Witherspoon's resignation was her second in the shaky career of the local poverty program, set up to function in Berrien, Cass and Van Buren counties. She took the \$10,000 a year post while teaching school in Niles in July 1965.

She resigned seven weeks later when federal funds covering her salary did not arrive. Funds arrived finally and she returned in December 1965. Between her first resignation and return, the post was filled by the Rev. Ernest St. Johns, of St. Joseph. He left for a similar job in Kalamazoo.

TRI-CAP officials have not announced a successor, and Mrs. Witherspoon, reported attending a meeting today in Kalamazoo, was not available for comment.

During TRI-CAP's first annual meeting last July, officials voiced concern over a lack of communications within the organization. Confidence, however, was voiced that job training and education held the keys to success.

Setbacks were offset last October when the organization received \$169,920 for neighborhood youth corps projects. TRI-CAP headquarters are 722 Washington street, Benton Harbor.

Powell Gets Seat, Probers Decide

Loss Of Pay And Censure To Be Asked

Final Report Is Due Today

By CARL P. LEUBSDORF

WASHINGTON (AP) — Members of the select House committee on Adam Clayton Powell meet today to dot "I's" and cross "T's" in their report recommending seating, censure and setbacks for the controversial Harlem congressman.

Although at least one member confided he would be a bit uneasy until all nine signatures are affixed to the committee's report, agreement was reached late Wednesday on the basic accord to be presented today to the House for action, probably next Tuesday or Wednesday.

Under the proposal, Powell, who was kept from membership Jan. 10 pending this investigation, would receive his seat along with a stiff censure, loss of seniority and a requirement he repay from his salary government funds he allegedly converted to his own use.

HALF OF SALARY

This amount has been estimated at about \$35,000, including salary illegally ticketed for his estranged wife and personal plane trips charged to congressional credit cards. It would represent more than half of the \$60,000 salary he is to draw over the two years of the 90th Congress.

Rep. Claude D. Pepper, D-Fla., the committee's chief exponent of expulsion rather than seating with punishment for Powell, said Wednesday he planned to sign the committee's report, and Chairman Emanuel Celler, D-N.Y., confirmed the recommendation would be

A CLEVELAND FATHER, David Cartwright, removed his son from a Catholic school and began a test case on whether he can receive public funds to send third grade student Terrence to a parochial school. unanimous with no dissenting views.

"As the report will be written I am going to sign it but that depends on how it is written," Pepper told reporters as he left the session in mid-afternoon to fly to Florida to fulfill a speak-

ing engagement. Pepper said the report would contain a provision spelling out his differences with the rest of the committee.

Showtime Nearing In St. Joe

Band, Dancers
Included In
'Splash Of Variety'

A sixteen-piece Showtime stage band directed by student conductor, Paul Winter, will set the pace for this year's Variety show at St. Joseph high school this weekend.

The show, built around the theme, "A Splash of Variety," will be presented both Friday and Saturday evening at 8 p.m. in the high school auditorium.

There will be a variety of monologues, comic and serious; instrumental solos, vocal solos, small vocal and instrumental groups, as well as large production numbers.

Members of the stage band include Tom Peppel and Paul Winter, alto sax; Jim Brainard and Steve Owen, tenor sax; Carter Hatfield, Randy Cain, Jim Kerby, and Gus Damaske, trumpet; Mike Kunde, Dan Zvar, Don Albrecht, Brian Lee, trombone; Doug Sieb, piano; Mike Spelman, string bass; Dick Ball, tuba; Dave Yeske, drum.

Showtime dancers will include:

Girls: Kay Westercamp, Sue Schalon, Vicki Ovik, Nancy Schuler, Linda Rhodes, Chris Dey, Sandy Letke, Pam Appel, Nancy Baelz, Pam Zitta, Gayle Bronfenbrenner, Jo Ann Stemm, Jeanie Krieger, and Margaret Peterson.

Boys — Louis Awodey, Bob Biasi, Tom Bowerman, John Dey, Greg Forbes, Jim Hays, Dan Heathcote, Chip Hoehne, Jim Lininger, Mike Miller, Chuck Simons, Tom Zick, Mike Garman, and Paul Filstrup.

Senior boys in the chorus line in addition to the showtime dancers are Bill Hartzell, Neal Johnson, Tom Peppel, Doug Sieb, and Tom VanScyoc.

Robert W. Brown is show director with Nancy Askin as student director.

VARIETY ACT: Nancy Bennett sings folks songs as one of the acts prepared for the annual Variety show at St. Joseph high school to be presented Friday and Saturday, Feb. 24 and 25, at 8 p.m. Acts include monologues, vocal and instrumental groups, as well as large production numbers. Mrs. Connie Cassidy has been choreographer for the production. (Staff photo)

DRESS REHEARSAL: Cynthia Spaulding (left) Linda DeVries are "aged" for their part in the "Showtime '67" to be presented this weekend in the St. Joseph high school auditorium. Built around the theme, "A Splash of Variety," the annual event is under direction of Robert W. Brown with Mr. and Mrs. James Heathcote and Dennis Bowen in charge of the chorus line and drama staging by Miss Betty Theisen. (Staff photo)

Safer For Driving At Night

Twin City Group
Joins In Backing
Legislature Bill

The Twin Cities Jaycees have joined a campaign by the state Jaycees to promote issuance of reflectorized vehicle license plates in Michigan.

The group has thrown its support behind such a bill currently in the State Legislature because of the reported safety value of reflective plates.

It also is calling upon area residents who feel such a step would increase the safety of night driving to contact their legislators on behalf of the bill, according to Bill Joseph, Jaycee project director.

He said 17 states have already adopted reflective license plates and four more are considering the move. Joseph added that traffic safety studies in states using the plates have shown a marked decline in night traffic accidents, particularly rear-end crashes. Reflectorized plates can be seen up to 2,000 feet, he noted.

National safety records show, Joseph said, that two-thirds of all vehicular accidents and three-fourths of all vehicle fatalities occur at night, even though night traffic averages only one-third the number of vehicles using the streets in the daytime.

The bill in the Legislature calls for the state to absorb the extra cost of making the plates reflective. This cost is estimated from 22.5 to 25 cents, Joseph said, depending on the color combinations used.

A bill authorizing this type of plate was adopted by the Michigan legislature several years ago, but it was knocked out in a court fight over the provision that motorists had to pay the extra cost of the plates.

A number of state safety and law enforcement groups are on record in favor of the safety plates, according to Joseph.

HOSPITAL HONORS EMPLOYEES: This group of veteran employees of Benton Harbor Mercy hospital was among 125 hospital workers recognized for dedicated service last night at second annual service award program. The 125 workers, representing total of 1,466 years of service to the hospital, had individual service records from five to 31 years. Top recognition was for 31 years by Alice Kutschinski (not in photo) of nursing department. Shown, from left to right: (Front) Zelma Olson, 20 years; Agnes Sink, 22 years; Elzora Hansen,

21 years; Alice Gray, 20 years; Sally Mack, 24 years; William E. Mahaffay, member of hospital board of directors who addressed the gathering; (Rear) Elizabeth Fisher, 20 years; Florence Lehman, 22 years; Helen Perry, 23 years; George Hitchcock, 20 years; Ella Anglin, 22 years. Other hospital officials who took part in recognition ceremonies were Leon P. Gideon, board president; Dr. F. Alan Kennedy, chief of staff, and C. T. Loftus, administrator. (Staff photo)

V.M. Dwan Joins Firm In Benton

On Staff Of Dwan's
Moving & Storage

VINCENT DWAN

Vincent M. Dwan, who was graduated last month from the University of South Carolina, has joined the staff of Dwan's Moving & Storage, 727 Paw Paw avenue, Benton township, as a consultant and estimator.

He is the son of Mrs. Edward Dwan of Benton Harbor and the late Edward (Bucky) Dwan.

Vincent and his wife, the former Antoinette Coniglio, reside at Cedar Crest apartments, Stevensville. She is a fifth grade teacher in the Hartford school system.

BOYS 13, 16 SJ Painters Clean Up Their Mess

St. Joseph police arrested two boys, 13 and 16 years old, Wednesday afternoon after they received a tip from a man who watched the pair throw paint on the old Dairy Bar at Michigan and Niles avenues.

The boys, who were petitioned to juvenile court, did an excellent job of cleaning the paint off the building, police reported. The boys told officers they got the paint from a girl in the junior high school.

In another report, William Hartzell of 903 Greenwood avenue, told officers a vandal bent over the aerial on his father's car while it was parked in the parking lot at the senior high school about 10:30 last night.

Hartzell was practicing for the annual high school variety show.

Tobias Stricken At Work

Under Observation
At SJ Hospital

St. Joseph City Commissioner C.A. (Toby) Tobias was taken to Memorial hospital Wednesday morning in a fire department pickup truck after suffering chest pains and trouble breathing.

Tobias, 38, was working at his Sinclair service station at Main and Pleasant streets when stricken. He walked to the fire department a block away to get some oxygen.

Firemen, unable to get an ambulance from either of the St. Joseph operators, took him to the hospital in the truck after administering oxygen.

Dr. Gerald Beal told Tobias' wife he seemed to be returning to normal at 11:30 a.m., some 50 minutes after the attack.

Tests were to be run on Tobias this morning, his wife said. It is not known when he might be released from the hospital. He is allowed to have visitors.

UPSET BY VOTE
Mrs. Tobias said the doctor considered overwork as a possible cause of the illness. She said her commissioner husband had been "very upset" over the Monday night vote to put St. Joseph housing inspections back on a mandatory basis.

Tobias, who fought the mandatory inspections since the controversy arose last summer, cast the only dissenting vote in the 4-1 decision.

C. A. TOBIAS

Suspect Is Tracked In Snow

Youth Accused
Of Taking Car

Benton Harbor police followed footprints in the snow last night to the home of a youth, arrested on a charge of unlawfully driving away an auto.

And, early this morning, similar tactics led police to an apparent break-in attempt at Lynch's Appliances, 448 Cass street, Benton Harbor.

A 16-year-old youth was petitioned to juvenile court last night on the charge of unlawfully driving away an auto after he was reported to have called police and said an auto, taken from Benton Harbor high school, could be found parked in the Methodist Peace Temple lot off Pipestone street. Patrolman Kenneth Welscher traced tracks from the recovered auto for about a block to the arrested youth's home.

Ernest Peterson of 1296 Vincent court, Benton township, reported the auto missing from the high school lot at 9:35 p.m. and Lt. Alfred Hauwetter received the call from a youth at 10:45 p.m. Police said the arrested youth was lodged in the county jail.

OTHER INCIDENTS

Patrolman Welscher and Cyril T. Fuller discovered a broken window at Lynch's Appliances shortly after seeing two men loitering behind the Sheely roller rink, 453 Highland avenue. The officers, on routine patrol, said the two had left by the time they parked and reached the rear of the building. Tracks from the rink led to the broken appliance store window. Entry apparently had not been gained.

In other matters, police arrested three boys, aged 15 and 16, in connection with the theft of a cash box, containing \$5.45, from the YMCA. The boys were petitioned to juvenile court on charges of larceny from a building. Police said \$2.51 was recovered. Det. Alfred Edwards reported.

John Morrow, Jr., route 4, Benton Harbor, reported the theft of a coat from a classroom at Lake Michigan College. Scott Ives, 588 McAllister avenue, Benton Harbor, told police gymnasium equipment, valued at \$12.50, had been taken from a locker at Benton Harbor high school.

On Dean's List

Michael Bowman, the son of Mr. and Mrs. Henry Bowman, 1212 Napier avenue, St. Joseph, has been named to the dean's list at St. Joseph's college, Rensselaer, Ind., where he is a sophomore pre-medical student.

The dean's list includes students with high grades.

Boaters Have Till June 1 To Get Ventilating Systems In Order

By June 1 pleasure boatmen will be expected to have their boat ventilation systems meet Coast Guard requirements or face a possible \$100 penalty.

The commandant of the U.S. Coast Guard, Adm. Willard J. Smith, today announced the deadline.

The requirements were originally to have gone into effect last June 1 but boatmen were given an additional year in which to get their craft in shape.

REQUIREMENTS
The minimum natural ventilation required by the Coast Guard for closed engine and fuel tank compartments call for at least

one inlet duct fitted with cowl or equivalent and at least one outlet or exhaust duct similarly fitted. Ducts must extend from the open atmosphere to a point at least midway to the bilge for the intake air duct and to the lower portion for the exhaust.

Adm. Smith noted that current industry standards will satisfy the requirements and are recommended.

Chief Louis Dedo of the St. Joseph Coast Guard station said boatmen can bring their boats to the Coast Guard station for inspection. He said the ventilation requirement will be one of the first things Coast Guards-

men will check when they are on patrol.

BLAMED IN FIRES
Fumes which accumulate in holds and are set off by a spark when engines are started is a major cause of boat explosions and fires, he said.

The Coast Guard has prepared a pamphlet entitled "Ventilation Systems for Small Craft." The pamphlet is available without charge from Commandant (CHS), U.S. Coast Guard, Washington, D.C., 20226. In addition to Coast Guard recommendations, the pamphlet includes the industry standards for natural ventilation systems.

Student Arrested After Fight

Niles Youth Has
Fractured Skull

NILES—A Niles high school student was arrested on a charge of aggravated assault as the result of an alleged fist fight yesterday afternoon in which another youth was seriously injured, city police here reported.

Although he has not yet been arraigned, police said a bond of \$2,500 has been set for Therman Rogers, 18, of route 1, Berrien Center.

He was still in police custody today.

The injured youth is Gary Okerbloom, 18, of 1396 Cass street, Niles, who was transferred from Pawating hospital to Memorial hospital in South Bend with a possible skull fracture and possible brain damage. He is listed in serious condition there, police said.

Okerbloom was reportedly injured in a fist fight at the corner of 13th and Eagle streets after a name-calling incident, officers said. Rogers was arrested in Berrien Center.

Car Destroyed

COVERT—South Haven firemen were called Wednesday afternoon to extinguish a fire that destroyed a car driven by Earl Bush, 3515 Oakwood Lane, St. Joseph, on I-196 in Covert township. Bush told South Haven state police he had his car's brakes repaired at Holland and was returning home around 4:30 p.m. when the left rear tire caught fire. No one was reported injured.

One Count Replaces Five Others

Accused Woman
Passes Lie Test

Mrs. Ruby Lee Whitelaw, 39, of 278 Ohio street, Benton Harbor, was scheduled to be arraigned in Benton Harbor Municipal court this morning on a misdemeanor warrant after five other charges against her were dismissed yesterday.

The new misdemeanor warrant was issued by Associate Municipal Judge Bruce Conybeare. Prosecutor John Hammond said he authorized Conybeare to dismiss the other charges.

Mrs. Whitelaw was arrested Monday when she appeared voluntarily at the Benton Harbor police station to inquire about warrants against her. The charges related to allegedly stolen municipal court documents in an insufficient fund check case against James Alexander who had pleaded innocent.

Mrs. Whitelaw took a lie detector test yesterday at Kalama-zoo and "passed with flying colors," according to Det. Lt. Ronald H. Smith.

Hammond said his authorization originally called for one five-count misdemeanor warrant against Mrs. Whitelaw. Instead, five separate warrants were issued by Judge Elizabeth Forhan. Mrs. Whitelaw had pleaded innocent to one charge and demanded examinations on the other four on first arraignment Tuesday. Bonds were set at \$3,500.

Conybeare yesterday reduced bond to \$100 for the single charge and Mrs. Whitelaw was released from jail pending new arraignment today.

BH Firemen Called

Benton Harbor firemen at 8 a.m. today, were called to the home of Louis Tuckman, 1188 Union street, when the family detected an order of something burning. No fire was found, firemen reported.

St. Joe GI Wounded In Vietnam

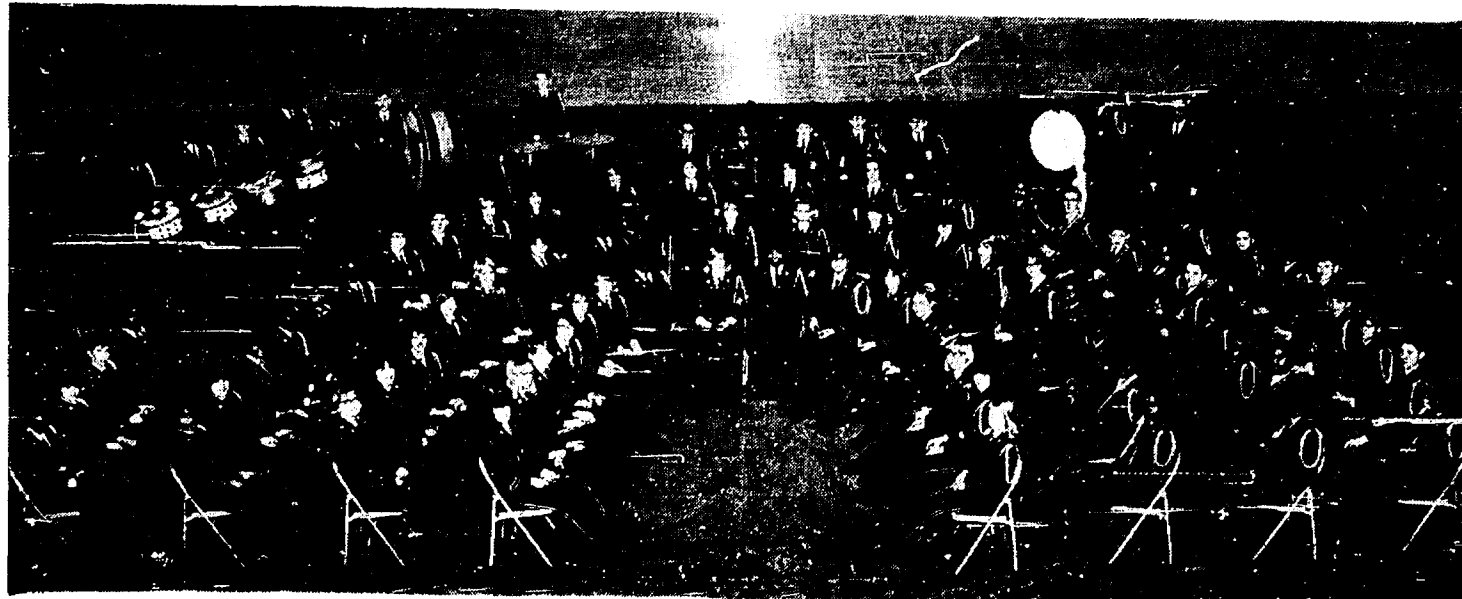

PFC. CHRISTY

A rural St. Joseph soldier has been wounded in action in Vietnam.

Mr. and Mrs. Robert D. Christy, route 2, Venus avenue, said they have received word that their son, PFC. Robert D. Christy, 18, suffered fragmentation wounds in the back Feb. 17.

The Army informed them PFC. Christy was working on a bunker when an enemy shell exploded. He is under treatment at an evacuation hospital.

Christy entered the Army 15 months ago and has been in Vietnam three months.

JUNIOR HIGH BAND PERFORMS: The Benton Harbor junior high band directed by Sam Searfoss is one of three musical units performing tonight at 8 in concert at Benton Harbor high school auditorium. Others are junior high school orchestra and senior high orchestra. (Redman photo)

ST. JOSEPH, MICH., THURSDAY, FEBRUARY 23, 1967

BOTH REED, KRALIK CRITICIZED IN BRIDGMAN

Probe Of
High School
DisputeOthers Also
Blamed By Two
Education GroupsBy PAUL DODSON
Staff Writer

BRIDGMAN—The two main figures in Bridgman's recent school dispute—Principal Daniel Kralik and school board member Frederick Reed—drew strong criticism in reports issued by educational organizations that investigated the dispute.

The reports were made public recently by the Bridgman school board.

Kralik was rapped for his method of trying to put into effect certain innovations while Reed was urged "to be certain that he does not go beyond the board policy-making function and get over into the executive or administrative function." Reed had been school superintendent at Bridgman for many years and was elected to the board after retiring as superintendent.

The team of investigators recommended Kralik's educational innovations be suspended pending study of their objectives. The report said if after study administrators were certain the innovations were sound,

Agile Pair
Find Water
Hot On TopPaint Eau Claire
Tower, Face Court

A painting spree landed two Eau Claire teenagers in hot water Wednesday, Berrien sheriff's deputies reported.

Eau Claire Public Works Superintendent Lawrence Skinner told Deputy Stanley Wolkins he found "Class of '69" and "Ringo-Zingo" painted on the city water tower, water tank and pump house. Cost of repainting the tower, tank and pump house would be \$1,800, Skinner estimated.

Black spray paint was used, and Skinner said he didn't see how the youths got up on the tower as some of the ladder had been removed to keep people off.

Two Eau Claire high school students were questioned in connection with the painting and then petitioned into juvenile court.

In other reports, Deputy Douglas Tiefenbach said Monday that burglars ransacked a summer home on Red Arrow highway near Stevensville. A kitchen window was pried open for entry and dressers and closets were rifled. Tiefenbach said he did not know if anything was taken. The home is owned by J.W. LaMantia of Chicago, Tiefenbach said.

ILLINOIS VILLAGE

South Haven's Ousted
Manager Gets New Job

SOUTH HAVEN — Former South Haven city manager Leonard Harris has been hired as village manager at Flossmoor, Ill., effective March 1.

Harris told this newspaper he will be the first manager ever

FREDERICK REED

DANIEL KRALIK

they could be put into effect with the approval of the school board.

"The team is not criticizing the potential merits of any part of the program generally classified as innovations, but rather suggests that possible other innovations would be more beneficial to the total student body."

It cited science classes, guidance counseling, fine arts, industrial arts, and the "educational qualifications of all administrators" as areas needing attention.

ADMINISTRATORS HIT
The reports also rapped school administrators for not doing a better job of informing the board and citizens of changes made in the school. Citizens, in turn, were advised to "direct their efforts toward a more positive approach to the understanding and improvement of the total school program."

The most comprehensive of the two reports was made by a team of educators representing the Michigan Association of School Administrators, the Michigan Association of Secondary School Principals, the Michigan Department of Classroom Teachers and the Michigan Education Association. A brief report was also issued by the Michigan Association of School Boards.

The team had this to say of Kralik:

"It is the feeling of the team that Mr. Kralik in his youth and enthusiasm has denied the citizens of Bridgman the very thing he has sought for their children: a freedom of choice. He has at times become overly defensive when honest and sincere questions have been asked, and he has to some extent at least denied the right of parents to know what is taking place, why it is taking place, and whether or not they feel that this is the kind of education they want their children to have."

"We do not question his intent but rather his method. Fear of not having a program approved is no excuse for by-passing those whose duty it is to approve."

OTHER REPORT
The Michigan Association School Board's report gave generally the same recommendations as the team although it had sharp comment concerning Reed.

"Your board has six votes and the former administrator has only one. Hence, if this board has confidence in the administration, is kept well-informed of any proposed changes, and sticks to policy

to be hired at Flossmoor, and that he will have a starting salary of \$13,500.

Harris was ousted from his job as city manager at South Haven in January after the city council became displeased with what members called "a personality clash" that developed in recent city controversies over sale of the power plant, urban renewal survey and water and sewer systems.

He has been retained by the council, however, on a consulting basis until April 10, and Fred Timmer was named acting city manager until a full time successor is named.

FLOSSMOOR
Flossmoor, according to Harris, is a residential community of about 6,000 people located in Cook county, about an hour's drive from Chicago.

He said he will continue to keep his residence at South Haven with plans for future retirement here. His wife, Eleanor, who is teaching in the local school system, may continue her employment for the time being.

Trinity
Lutheran
Wins 'Bee'Team Tops 17 In
Annual Berrien
Spelling Contest

William G. Rill, eighth grader at Trinity Lutheran school, St. Joseph, spelled "perforate" correctly Wednesday as his team won the seventh annual Cloverleaf Spelling contest.

The Trinity Lutheran team shaded the St. Joseph junior high school eighth graders by one point in the finals held in the St. Joseph junior high school auditorium.

The Trinity Lutheran team spelled 53 of 55 words correctly, the St. Joseph eighth graders finished in second with 52 out of 55 words.

It was the seventh annual contest involving Berrien county schools. Teams from 18 schools started the contest a month ago. The field was reduced to six finalists for yesterday's spelldown.

The winning team from Trinity Lutheran included young Rill, son of Mayor and Mrs. William A. Rill; Susan Hatfield, daughter of Mrs. Malcolm Hatfield; Nancy Mashke, daughter of Mr. and Mrs. Arthur Mashke; Robert Ehrenberg, son of Mr. and Mrs. W. H. Ehrenberg; and Robert Schultz, son of Mr. and Mrs. Paul O. Schultz.

Arnold J. Glass is the winning team's teacher.

TEAMS TIE
The two St. Joseph teams were tied at 40 points apiece (40 words spelled correctly out of 40) at the end of eight rounds and both missed one word in 10 rounds. Forty-nine words spelled correctly out of 50. It was on the third tie-breaking round that the Trinity team won.

Members of the second place St. Joseph eighth graders were Judy Ann Sila, Amy Andrews, Judy Preston, Signe Chickering and Chris MacArthur. The team spelled 52 of 55 correctly.

In third place was Lakeshore with 46 out of 50 words correctly spelled. Members of the team were Linda Sprague, Terry Hamlin, Diana Boelcke, Richard Plangger and David Puryear.

Andrews university academy spelled 41 out of 45. Members of the team were Daniel Akers, who carried his team through the last two rounds alone, Raelene Bauer, Eileen Holloper, Daniel Smith, Donna Spent.

WATERVLIET TEAMS
Watervliet South finished fifth, represented by Lisa Beverly, Robin Loshbaugh, Cheryl Baker, Jill Fox and Cynthia Norris. The team spelled 40 out of 45 correctly.

Mrs. Maxine Brule, elementary principal at Washington school, Coloma, recited the words.

Procedure is for each team to spell five words. After preliminary rounds any member missing a word goes to the penalty box.

School Gives
Piano Class
In Bridgman

BRIDGMAN — Daniel J. Kralik, principal of the Bridgman high school, has announced that piano lessons will be offered to students during study periods at the Bridgman school.

Mrs. Janet Essig will teach during two periods each day, five days a week.

An additional piano will be needed. Anyone donating a piano that may be donated or purchased by the school is asked to call the high school.

Breaks Back
In Buchanan

BUCHANAN — Herbert Springer, 23, of 311 North Detroit street, who suffered a broken back Monday when he fell from a 20-foot ladder, is a patient in Pawating hospital, Niles, where he is reported in good condition.

An employee of Orput & Son Plumbing & Heating Co., Buchanan, Springer was working on a building at the Buchanan Metallform Products on Post road, when the ladder slipped out from under him.

CHAMPION SPELLERS: The Trinity Lutheran eighth grade spelling team won the seventh annual Cloverleaf Spelling contest, shading St. Joseph junior high school by a point yesterday in the junior high auditorium. The members of the team

are from left: Susan Hatfield, Nancy Mashke, Robert Ehrenberg, William G. Rill and Robert Schultz. Team spelled 53 of 55 words correctly. (Staff photo)

SANDPILE SUBSCRIPTION

New Buffalo Fight Fund Told

NEW BUFFALO — Mayor Albert Mayer of New Buffalo has announced formation of a committee to raise \$8,000 to \$10,000 by public subscription to pay land condemnation costs in the Sunset Shores area.

Residents of Sunset Shores have steadfastly refused to sign easements with the city to allow a large sand stockpile to be placed on their property when New Buffalo installs its proposed small boat refuge harbor.

The approximately 15 property owners involved say they fear wind blown sand from the stockpile onto their homes and lawns.

Mayer reported a Niles real estate appraiser, Ralph Lavery, who was hired for \$3,000 to appraise possible sand damage to the Sunset Shores property, placed possible damage at a maximum of \$4,000.

The mayor's committee hopes

to raise enough money to pay Lavery's expenses, have money on hand to settle damage claims from the Sunset Shores area and to pay for legal costs of condemning the property to obtain easements for the sand pile. Mayer said city officials hope to raise the money by public subscription so that tax money won't have to be used to fight the group of taxpayers over condemnation of the land.

The \$1.5 million cost of the boat harbor is being borne almost entirely by state and federal agencies.

Those on the committee to raise the money are Mayer,

George Behner, Vail Kremeske and Frank Magro.

Mayer said if the committee doesn't raise all the money it needs, tax money will be used in the battle for the sandpile.

NEW FACILITY

PLYMOUTH (AP) — Michigan Bell Telephone Co. broke ground Wednesday for a \$12 million facility to house switching equipment for long distance calls in southeastern Michigan. The three story building is one of the largest to be erected by Michigan Bell in recent years and will employ between 500 and 600 workers.

LEONARD HARRIS

Poster Contest Is Planned

For Watervliet, Coloma Schools

COLOMA—Members of the North Berrien Historical Society recently voted to sponsor a poster contest for Coloma and Watervliet school systems to commemorate Michigan Week in May.

Mrs. Mary Alice Hettig was appointed chairman of this project.

It was also reported that members of the society are joining other historical groups in the county in the circulation of petitions asking the Berrien county board of supervisors to save the old courthouse at Berrien Springs. The petitions will be presented to the board next month.

Society president Roger Carter was authorized to have membership cards printed. The design for the cards was recently selected by the board of directors.

Current membership of the society is 143.

SHOWS SLIDES
At the recent meeting Mrs. Allen Stark showed picture slides taken at Coloma many years ago and a large display of old postcards, photographs, magazines and a photographic equipment was on hand.

Members and interested persons were advised to round up old tools and kitchen utensils for display at the next meeting when Mrs. Stark will present the program on the history of Coloma.

Two Benton Thefts Told

Benton township police reported two larcenies today — some clothes from a garage at 1043 Villa court and a coat with car and house keys from the Blossom Lanes bowling alley.

Paul Rock, of 193 Garfield avenue, told police someone broke a window to gain entry in the garage Wednesday. Hal Ratner, of 420 Lakeshore drive, Stevensville, reported the coat theft.

Sir William Henry Bragg and his son, William Lawrence Bragg, received the Nobel Prize in physics in 1915.

Legal

RESOLUTION

Regular meeting, Lincoln Township Board, February 14, 1967, held at the Township Hall, Lincoln Township, Berrien County, Michigan.

IT IS HEREBY RESOLVED that the application of Manley Bros., Victor S. Peters and Mildred G. Peters, dated October 6, 1966, for designation of certain lands as a Planned Development District, be and the same hereby is approved, and that the following is hereby enacted as an amendment to the Zoning Ordinance for Lincoln Township:

That certain Preliminary Development Plan and that certain Map, copies of which are attached hereto as modified and amended by the Township Planning Commission that Parcel II be Residential under Planned Development District, are hereby approved and adopted pursuant to Section V.C. Planned Development District, of the Lincoln Township Zoning Ordinance as an amendment to said Lincoln Township Zoning Ordinance.

In connection with, and as a part of said Planned Development District amendment, lands and premises described as:

Parcel I Beginning at the Northeast corner of Section 29; thence South along the East line of said Section 29 and the West line of Interstate Highway 94 to a point that is 450 feet North of the East-West Quarter line of said Section 29; thence West parallel to and 450 feet North of the East-West Quarter line to Middle Grand Mere Lake; thence North along the Eastern shore of Middle Grand Mere Lake, the Eastern line of the inlet connecting Middle Grand Mere Lake and North Grand Mere Lake and along the Eastern shore of North Grand Mere Lake to the North line of said Section 29; thence East to the place of beginning, all as indicated in red on the map submitted herewith and made a part hereof,

is hereby rezoned from Section III, Residential to Section IV, Commercial, according to said Lincoln Township Zoning Ordinance, and

Parcel II Beginning at a point on the shore of Lake Michigan that is 50 feet South (measured perpendicularly) of the South line of Lot 5, Block 6 of the Plat of Grand Mere Resort; thence East 860 feet more or less on a line parallel to and 50 feet South of the South line of said Lot 5, extended, to the center of the line of the East-West Quarter line of said Section 29; thence East to the place of beginning, all as indicated in red on the map submitted herewith and made a part hereof,

is hereby rezoned from Section III, Residential to Section IV, Commercial, according to said Lincoln Township Zoning Ordinance, and

Parcel III Beginning at the intersection of the Western right of way line of Interstate Highway 94 and a point that is 450 feet North of the East-West Quarter line of said Section 29; thence West parallel to and 450 feet North of the East-West Quarter line to Middle Grand Mere Lake; thence North along the Eastern shore of Middle Grand Mere Lake, the Eastern line of the inlet connecting Middle Grand Mere Lake and North Grand Mere Lake and along the Eastern shore of North Grand Mere Lake to the North line of said Section 29; thence East to the place of beginning, all as indicated in red on the map submitted herewith and made a part hereof,

is hereby rezoned from Section III, Residential to Section IV, Commercial, according to said Lincoln Township Zoning Ordinance, and

Parcel IV Beginning at the intersection of the center of the line of the East-West Quarter line of said Section 29; thence East parallel to and 450 feet North of the East-West Quarter line to the place of beginning as indicated in green on the map submitted herewith and made a part hereof,

is hereby rezoned from Section III, Residential to Section V, Limited Industrial District, and

Parcel V Beginning at the intersection of the center of the line of the East-West Quarter line of said Section 29; thence East parallel to and 450 feet North of the East-West Quarter line to the place of beginning as indicated in blue on the map submitted herewith and made a part hereof,

is hereby rezoned from Section III, Residential to Section IV-B, Yacht Basin District.

This amendment shall be effective on the 20th day of March, 1967.
